Senate Approves Foreign Trade Bill

Congress Units OK 'Warning' Resolution

Advocate Force To Bar Red Moves In Hemisphere

WASHINGTON (AP) — The House Foreign Affairs Committee joined a Senate panel today in a warning to "the rulers of Havana and Moscow" that the United States will not tolerate a military force in Cuba capable of endangering U.S. security.

The House group unanimously voted to send to the House for action a resolution identical with one approved by two Senate committees, acting jointly.

Report Contains Warning

The warning that the United States will not tolerate the development of a security threat in Cuba was contained in the report of the Senate committees.

Such a threat "could have the gravest possible consequences," and the United States "will not flinch from these consequences," declared the armed forces and foreign relations committees.

The warning was contained in a report to the Senate which votes today on a Cuban policy resolution drafted by the committees.

The report carried unanimous, bipartisan endorsement of the group's 33 members.

The resolution declares the United States will use force if necessary to resist the advance of communism in this hemisphere.

House Unit To Meet

The House Foreign Affairs Committee meets this morning to go over final language of a similar resolution before submitting it to the House for a vote.

The resolution — triggered by congressional concern over the military buildup of Cuba—is expected to be approved today by both houses. It then will go to President Kennedy for his signature.

The resolution, said the Senate report, will make clear "the essential unity of purpose, not only of the Congress, but of the President and the American people as well."

The report said "existing military capabilities in Cuba do not endanger the security of the United States" and the resolution is designed to "make sure they do not in the future."

"It is of critical importance that this point be clearly under-

150 Enrolled As Kent Center Opens

Fall quarter classes at the Salem Academic Center of Kent State University opened Wednesday with 150 students enrolled.

The Salem Center admitted 112 new students, while eliminating commuting problems for other students who formerly attended the Canton Center.

Francis E. Hazard, director of the Salem Center, indicated that raised entrance standards have caused some student admissions to be deferred until the winter quarter. Previously, state universities admitted any accredited high school graduate.

Hazard is also assistant director of the Canton Center, which was established and operated intermittently since 1938, and continuously since 1953, currently using the facilities of Lehman High School in Canton.

School officials here expect that growth in enrollment at the Salem Center might resemble that of enrollment increase at the Canton Center where the number of students swelled from 503 in 1960, to 669 in 1961, to 713 this year.

The Tuscarawas County Center in New Philadelphia, also administered by Canton Center personnel, has enrolled 211 students this fall.

Only 17 students at the Salem Center are carrying a full college load, while the majority of students are working their way through college part-time. More than half of the fall quarter students here are registered in the College of Education,, 26 are in Business Administration and 33 in the College of Arts and Sciences.

Courses now being given at the Salem Center are: Freshman English I, History of Civilization, Principles of Sociology, Fundamentals of Speech, Introduction to Education, Introduction to Business Administration and Introduction to Physical Sciences.

X20 Unveiled By Air Force

Planned for Orbit Flights In 1965

LAS VEGAS, Nev. (AP) — The weirdest-looking space plane this side of science fiction was unveiled here Wednesday by the Air Force.

It's the X20 DynaSoar, scheduled to be blasted into a 100-mile-high orbit around the earth by a Titan III booster sometime in 1965.

A model of the triangular shaped black space-glider, 35 feet long and 20 feet across, was shown publicly for the first time at the Air Force Association convention.

Technical men familiar with sketches and photographs of the X20 were startled by the vicious ugliness of the fullscale mockup. With its upturned wingtips and long snout, the X20 looks like its designer managed to cross a manta ray with a shark.

The Air Force also announced the names of the first six men who will fly the X20. The pilots, all from Edwards Air Force Base, Calif., are Maj. Henry C. Gordon, 37; Maj. James W. Wood, 38; Maj. Russell L. Rogers, 34; Capt. Albert H. Crews Jr., 33; and Capt. William J. Kniht, 33, all of the Air Force, and Milton O. Thompson, 36, test pilot for the

Two Cited After Highway Mishaps

Two Salem drivers were arrested after they were involved in minor accidents just outside the Salem corporation limits Wednesday.

Carl James Lehwald, 20, of 836 S. Lincoln Ave. was cited for failure to stop within the assured clear distance after the car he was operating struck the rear of a vehicle driven by Margaret L. Wagmiller, 44, of Beechwood Rd., Salem, at 4:40 p.m.

According to the State Highway Patrol, Margaret Wagmiller was stopped headed north on Rt. 62 waiting for the car in front of her to make a left turn when Lehwald, also headed north, was unable to stop and ran into the rear of her car.

In the only other mishap, John W. Webber, 54, of 252 W. 7th St., was arrested for changing course of travel without signalling.

The patrol said Harley R. Groff, 27, of RD 1, Lisbon, started to pass Webber's car on Rt. 45, when Webber pulled out into the left lane to pass the vehicle in front of him, causing the collision. The mishap occurred at 7:10 p.m.

Army Moves To Crush Insurgents

Argentine Rebels Given Ultimatum

BUENOS AIRES, Argentina (AP)—Troops from the countryside converged on this capital today under orders from President Jose Maria Guido to crush an uprising by army rebels.

Guido received Gen. Juan Carlos Ongania, a rebel leader, Wednesday night. Ongania had come to explain the rebel position. Instead he was handed an ultimatum to end the uprising at once.

Defying the ultimatum, Ongania returned to the rebel stronghold of Campo de Mayo in a Buenos Aires suburb, vowing to fight to the last to enforce the rebel demand that Argentina return to democratic rule.

The rebels accused the military command of moving toward military dictatorship.

Guido then ordered a joint operation against the rebels by the army, air force and navy.

But the air force commander, Brig. Cayo Antonio Alsina, said his forces would not take part.

No decision was announced by the navy. However, Campo de Mayo said in a communique navy planes dropped flares on tanks advancing from Magdalena to support the rebels.

Calling the president a virtual prisoner of the Army high command, Ongania said Guido acted with "astonishingly tragic celerity" in laying down an order "for forces whose objective always has been to defend him from the coups and treasons suffocating him."

The insurgents, strongly entrenched at Campo de Mayo, claimed support of the mechanized cavalry and some infantry units in other parts of the country. About 27,000 of Argentina's 70,000-man army are based at Campo de Mayo.

Ongania has demanded the ouster of the army commander in chief, Gen. Juan Lorio, and army chief of staff Gen. Bernardino Labayru. Rebels claim they intend to set up a dictatorship. The rebels also seek early elections and a speedy return of the government to the people.

U.S. Demands Reds Share U.N. Costs

UNITED NATIONS, N.Y. (AP) —The United States demanded today that the General Assembly act immediately to require the Soviet bloc and all other members to pay their share of U.N. costs.

In a major policy speech for the 108-nation assembly, U.S. Ambassador Adlai E. Stevenson declared "We doom our organization to impotence" unless steps are taken to put it on a sound financial footing.

'We cannot expect the United Nations to survive from day to day by passing a cup like a beggar in the street," he said.

The chief U.S. delegate urged that the United Nations give its main attention now to making itself stronger, more efficient and financially sound so it can meet the task of preserving world peace.

There are ominous threats, he said, in Berlin, Cuba, Viet Nam,

Rocky Urges Fighting Drive

Renominated at Quiet Convention

BUFFALO, N.Y. (AP) — Confident Republicans marched into the state election campaign today under the banner of Gov. Nelson A. Rockefeller to seek a "smashing victory" that would enhance his presidential prospects.

Amid some shouts of "Rocky for president," the governor was nominated by acclamation for a second four-year term Wednesday night at a quiet and orderly state convention that came alive only in the closing session.

The Republican ticket boasts four incumbents, all experienced campaigners, including U.S. Sen. Jacob K. Javits.

To challenge them, the Democrats earlier this week hammered out a slate headed by two political newcomers, former federal prosecutor Robert M. Morgenthau, the gubenatorial nominee, and prisoner-exchange lawyer James B. Donovan, who will oppose Javits.

The Democrats, who face an uphill fight in the 48 days before the election, received a boost Wednesday night when the Liberal party, which exists only in this state and is centered in New York City, endorsed Morgenthau and his running mates.

The endorsement was expected and traditional.

Another hopeful note for the underdog Democrats was sounded by David H. Jacquith, gubernatorial nominee of the state's fledgling Conservative party, who said the splinter group had obtained enough petition signatures to assure it of a place on the ballot.

The Conservative party was created to fight what its adherents consider to be the too-liberal views of Rockefeller and Javits.

Rockefeller, in his acceptance speech to jubilant Republicans, proclaimed "the most fervent and fighting campaign New York State has ever seen" against a Democratic Party "mortally divided against itself" from its occasionally turbulent state convention in Syracuse.

To run with Rockefeller and Javits, the GOP chose by acclamation Lt. Gov. Malcolm Wilson and Atty. Gen. Louis J. Lefkowitz to seek re-election and John P. Lomenzo of Rochester, a former county judge, as candidate for comptroller.

Lathe Production At Bliss Plant Humming

The E. W. Bliss Company has started production on the first two lathes to be built at its Heavy Equipment Division plant in Salem, since responsibility for that product was transferred here from the firm's Mackintosh-Hemphill Division.

The 60-inch, electro-hydraulic contouring roll lathes are scheduled for delivery near the end of this year, one to a Southwest steel producer, the other to the Mack-Hemp Division plant in Midland, Pa.

Bliss switched lathe production, sales and engineering from its Pittsburgh-based Mack-Hemp Division to its Heavy Equipment Division at Salem in May of this year.

O. O. Vaught, general manager of the Heavy Equipment Divisions, points out that Salem's modern and complete manufacturing facilities in Salem are particularly well-suited to lathe production. At the same time, manufacturing facilities at Mack-Hemp are released for the production of mill rolls.

The Bliss contour lathe is an extra-heavy-duty machine devel -

University Racial Showdown Looms

OXFORD, Miss. (AP) — Mississippi authorities seek a last-ditch solution to avert integration of the University of Mississippi.

A Negro war veteran, James Howard Meredith, 29, stands ready to try to enter the all-white school under a federal court order.

It would bring a showdown in the bitter struggle between state and federal authorities.

No Negro ever has attended the 114-year-old institution.

The Mississippi College Board and state officials met into the early hours today. After the session ended, Gov. Ross Barnett told newsmen he would stand firm on his decision not to let Meredith enter the university.

The board had no announcement on its action. Chairman Tom Tubb said another meetnig was scheduled today.

There was speculation Meredith would be arrested on a state warrant charging him with false voter registration.

Hinds County Atty. Paul Alexander said a criminal warrant had been issued charging Meredith with perjury in connection with his voter registratoin application.

Meredith was expected to show up in company of a number of federal marshals.

If the university retuses to enroll him, the registrar likely would face federal charges.

Federal courts up to and including the Supreme Court have ordered Meredith admitted to the university as a transfer student, coming from Jackson State College for Negroes.

Barnett told state officials they should be prepared to go to jail or to resign so others could take over their jobs.

Chancery Judge L. P. Porter, a state judge, issued a temporary injunction Wednesday barring admittance of Neredith.

In special session, the Mississippi legislature passed a bill which would make it unlawful to admit to the univerity any student convicted of criminal charges or arrested on such charges involving moral turpitude.

Presumably, this law involved Meredith through the charges of voter registration fraud against him. Barnett signed it into law early this morning.

Leetonia Police Seek Pay Hike

Council Unit Gets Chief's Request

LEETONIA — Meeting Wednesday night, village councilmen heard a request from Chief of Police Allen Gibson that a wage increase be considered for members of the police force.

Also at the meeting, William Snyder, local contractor, was hired to patch holes on Main St. between Walnut and Elm Sts. at a cost not to exceed $200. Councilmen considered having the entire area of street re-surfaced, but the $2,400 expense was found prohibitive.

Chief Gibson, in asking that Council consider a raise for village policemen, did not specify an amount of increase. His request

$1 Million Mahoning Overdrafts Reported

COLUMBUS, Ohio (AP)—State examiners said today that books of the late Mahoning County Auditor Charles B. Rayburn showed overdrafts of nearly $1 million.

The report to State Auditor James A. Rhodes listed these cash overdrafts: general fund $506,383, motor vehicle and gas tax $161,598, poor relief $220,846, surplus commodity $10,007 and real property assessment fund $84,506.

The total came to $983,342 for the period between Nov. 3, 1959, through 1961.

Examiners Donald C. Clarke and Virgil J. VanOss criticized the way numerous bills were paid, allowances for travel expenses and personal use of county automobiles by office employees among other things in their report.

Measure Gives JFK Power Over Tariffs

Would Open Way To Partnership With Euromart

WASHINGTON (AP)—President Kennedy has hailed Senate passage of the foreign trade bill which gives him revolutionary powers to slash or eliminate tariffs.

By a 78-8 vote Wednesday, the Senate approved the measure that would open the way to an economic partnership with the booming European Common Market.

The House passed a similar version earlier. House and Senate conferees must reconcile the differences and work out a final version of the legislation.

This is not expected to be a difficult task since both versions contain the major powers the President requested.

The Senate vote on the measure —which heads Kennedy's legislative priority list—gave the administration its biggest victory so far in Congress.

Kennedy, described by an aide as elated, congratulated the Senate for its 'significant action."

"It is the strongest trade bill since the original legislaton was passed . . . and the new legislation gives us the opportunity to develop closer and more harmonious trade relations with the common market and other nations throughout the world," he said.

Both advocates and opponents agreed that the trade expansion bill is the most far-reaching trade legislation since the 1934 Reciprocal Trade Agreements Act, the nation's basic tariff law, was enacted.

Republicans and Democrats joined in praising the measure.

Opponents, mainly Republicans, denounced the bill as the greatest grant of power ever handed a chief executive in the trade field.

The bill would extend the reciprocal trade act to June 30, 1967 —the longest extension ever provided.

At the heart of the bill is pro-

38 Injured In Crash of Bus, Truck

AKRON, Ohio (AP) — A bus-truck collision on the fog-shrouded Ohio Turnpike early today resulted in injuries to 38 persons.

Thirteen of the injured were hospitalized but none was reported in serious condition.

Summit County sheriff's deputies said a Continental Trailways bus with 45 aboard rammed into the rear of a semi tractor-trailer on the toll road about two miles east of Hudson.

Both vehicles were westbound and rolled off the road and down an embankment. The bus remained upright but the truck turned over in a field near Hudson-Aurora Road. It was foggy at the time, deputies said.

Deputies said the bus was en route from Pittsburgh to Chicago and several of the passengers were recently discharged servicemen. Thirty-eight persons on the bus were injured, including the bus driver, George Wheeler, 28, of Pittsburgh.

Ten of the injured were admit-

Columbiana Rotarians Hear Mental Health Clinic Plans

COLUMBIANA — A campaign will get under way in October to raise $10,000 for a mental health clinic for Columbiana County, Rev. George Sweeney told members of the Rotary Club Monday evening.

The $10,000 will cover one-third of the cost of the clinic. The state will pay the other two-thirds.

The clinic will be equipped to handle outpatients, especially those who are not able to enter institutions for care. It will serve people of all ages and will work closely with the schools. There will be no charge for the services.

The clinic is expected to eventually take care of 85 per cent of the people in the county needing mental attention, greatly relieving the already overcrowded mental hospitals in the state.

Rev. Sweeney is a member of the Board of Directors of the Columbiana County Mental Health Association and is a past president of the Tuscarawas County Mental Health Association. Raymond Mackall was program chairman.

Next week Robert Maurer will present a program based on the Rotary magazine, "The Rotarian".

Number of County Wards Increases

LISBON — The number of children in care of the County Welfare Department increased by 26 during August, Robert Bycroft, director, reports.

On Aug. 1 the department had 139 children under its care. It added 43 during the month, but dismissed 17 as wards.

Beginning Sept. 1, the department had 165 children on its rolls — 139 in boarding homes, 10 placed with parents, 9 with relatives and 7 in institutions.

Beresford Picked As Chief Deputy

LISBON — Deputy Sheriff Robert Beresford of Wellsville was appointed chief deputy Wednesday by Sheriff Russell J. VanFossan.

Beresford succeeds James Miller of Salineville, who resigned to become juvenile probation officer. The chief deputy's salary is $450 per month.

Beresford, a veteran of almost nine years on the force, became deputy in the sheriff's department in 1949 under the late Sheriff Howard J. Clark. He served for two years until he was recalled by the Marine Corps. Discharged after 13 months at Camp Le Jeune, N.C., he became a policeman on the Wellsville force. In 1955 he was reappointed a deputy by Sheriff VanFossan.

Beresford, a veteran of World War II, is married to the former Bonnie Betts, and they have four children, two boys and two girls. His mother, Mrs. Anna Beresford, also lives in Wellsville.

Sheriff VanFossan said he has not selected a deputy to replace Beresford.

Lay Those Sixguns Down, Hombres

SPRINGFIELD, Ohio (AP) — State highway patrolman Edward W. Sparks, driving down Ohio 69 near New Carlisle, came upon a scene Wednesday that must have made him feel like Marshal Dillon in Dodge City.

Two men were having a gunfight.

In the middle of the fuss was Pearl Mae Frey, 42, wife of one of the principals and ex-wife of the other.

Today, Dewane Frey, 39, is in Clark County jail here pending investigation. And Arthur Forman, 46, was to tell his story to the prosecutor after being treated at City Hospital for superficial gunshot wounds in the shoulder and leg.

The Highway Patrol said Frey evidently had deliberately driven his auto into the one in which his wife was riding with Forman, her former husband. The men both drew guns, Frey grabbed Pearl and used her as a shield, and five shots were fired.

Frey wasn't hit, but Forman was twice.

The patrol filed traffic charges against Frey involving the collision.

He surrendered with his hands up when he saw the marshal—oops, the patrolman.

7—Ch. 5, Brothers Brannagan: Steve Dunne and Mark Roberts star in "Delayed Payment" as Bob is the target of some bullets.

7:30—Ch. 5, Ozzie and Harriet: The Nelson family appear as usual and Skip Young is featured as Wally in "Lending Money to Wally."

8—Ch. 5, Donna Reed: This season's opener, "Mr. Nice Guy," deals with Jeff's unusually polite treatment of Mary, who can't understand it.

8:30—Ch. 8, Pro Football Explosion: Great players of the past, from 1920 to the present time, are shown in film clips. Host of this special program is Chris Schenkel.

9—Ch. 5, My Three Sons: The season's opener, "Weekend in Tokyo," has the regular cast headed by Fred MacMurray and William Frawley. Steve decides to take the family along on a business trip.

9:30—Ch. 3, Hazel: Returning for the new season, Shirley Booth stars in "Hazel's Cousin," about the wedding plans Hazel makes when she learns that her cousin is going to be married. Guest cast includes Rosemary DeCamp.

10 — Ch. 3, Sing Along with Mitch: This is the last time for the show in this time slot before Mitch and company move to 8:30 p.m. Friday. Leslie Uggams, Louise O'Brien and Gloria Lambert have featured numbers. There is a salute to some cities and a scene from a college campus in the 1920's.

Please Take Bananas

By JOY STILLEY

For Hal Boyle

NEW YORK (AP) — Balancing the national budget is mere routine compared with my job of trying to get the grocery list and the family's appetite to come out even.

No matter what slide rule computations, horoscopic predictions and plain old guesswork I use, I always have either too much food for the family, or too much family for the food.

Take bananas, for instance. Please do take bananas. We have 17 extra ones this week that are rpidly developing a deep Florida tan.

Recently bananas were high on the pantry popularity poll. My daughter suddenly developed an unprecedented taste for them. My husband put in an unusual request for a double banana split. And my son went on a binge that would have done credit to a starved monkey.

In the face of the acute banana shortage stalking our household I nobly omitted it from my breakfast cereal. But even this sacrifice failed to close the gap between supply and demand.

For days I was subjected to accusing glances and muttered remarks about how some mothers didn't care if their families expired from malnutrition.

Recognizing a mandate when I saw one, I returned from my next shopping trip to the grocery loaded like a banana boat.

Suddenly the bottom fell out of the banana market in our household. My daughter had launched on a snack diet of apples and peanut butter. My husband was bemoaning the newly activated hole in his belt and my son wouldn't have touched a banana wrapped in a dollar bill.

Potatoes pose another problem that I face almost nightly. If in the course of human events the young man of the family gets hold of a bowl before his sister does, he piles mashed spuds on his plate higher than Mt. Everest. Anguished cries rend the air as a nearly empty serving dish continues its rounds.

In an effort to make amends, the next time I peel every potato in sight and offer a heaping mound to my starch-hungry children. The amount they skim off on this occasion would fit nicely in ademitasse cup.

Noodles, spaghetti and macaroni received similar unpredictable receptions. And as for meatballs, I've never guessed right yet. There's either not enough or three times as much as anyone wants.

One of these days, though, I'm going to beat the game. I'm going to buy a huge supply of the little packets of frozen food that cook in five minutes. I'll keep the kettle boiling all through the meal and just keep dropping packages in as long as anyone is hungry.

Beloit

The Nu Dele Club enjoyed a picnic supper at the home of Mrs. Harry Haberland.

Prizes went to Mrs. John Cramer, Mrs. Leola Wilt, Miss Ann Hoff and Mrs. Willis Yoder.

Mrs. Carmer will be hostess for the group at the next meeting.

Lee and Paul Iden spent Saturday with their grandparents, Mr. and Mrs. Arthur McDonald of East Rochester.

The youth group from Alliance First Friends church had charge of the 6:30 Youth Service at Beloit Friends church Sunday.

At the morning worship Rev. Kernodle used as his subject "How to be Successful Fishermen."

Miss Carol Iden will undergo bone surgery at Alliance City Hospital this week after receiving injuries to her arm in a fall at home.

Mr. and Mrs. O. C. John and Linda have moved to North Benton.

Miss Leanne Roose was honored on her fourth birthday when her mother, Mrs. Paul Roose entertained eight small guests Thursday afternoon.

Prizes in games were awarded to Terry Fowler and Leanne.

Gifts were received by the honoree and ice cream and cake were served as refreshments.

Six o'clock guests were her grandparents, Mr. and Mrs. Byron Munsell of Garfield and Mr. and Mrs. Charles Roose and Mary Ellen of Beloit.

Members of the Village Garden Club visited the Ohio Edison Co. in Alliance for a demonstration of the Electronic Range. Teams of club members displayed table settings.

The club will meet Oct. 10 with Mrs. William Brumbaugh at North Benton.

The Social Eight Club enjoyed "500" at a meeting with Mrs. John Townsend.

The next meeting will be held at Timberlanes in Salem Oct. 3 and later return to the home of Mrs. Joe Dalesandro.

Larry Hartley of California is visiting his parents, Mr. and Mrs. Herman Hartley.

Mr. and Mrs. Joseph Hartley and son of Alliance have moved into the Heacock property at the corner of Main and 5th Street.

Morning and evening services at the Friends church next Sunday will be in charge of Dr. Charles and Leora Devol, returned missionaries from Formosa.

Compulsory Unionization Violates Basic Freedoms

By DAVID LAWRENCE

Freedom of the individual in his beliefs is the boast of America. The schoolbooks teach it. Our representatives at the U.N. proclaim it. Our politicians preach it. Yet when the test comes as between human rights and the desire to favor a special group, hyprocrisy occasionally takes over

David Lawrence in Washington.

President Kennedy is an earnest and conscientious public servant, but, as a champion of human rights, he sometimes emphasizes only those "civil rights" which will get him votes and does not risk a fight for basic principles that might lose him the votes of a pressure group.

A case in point is his outright advocacy of a system which compels a man to join a union to keep a job. Mr. Kennedy sees nothing wrong with this form of enslavement. True liberals disagree with him. For if in free America a man's fundamental beliefs today are subject to coercion — and even penalty — then the outcry for civil rights and individual freedom of belief has a hollow sound.

THE PRINCIPLE of compulsory .unionization, for instance, came up at Mr. Kennedy's news conference on Sept. 13. What the Presidet said attracted little attention because, history tells us, as human rights are eroded, there is, unfortunately, a tendency to accept the doctrine that "The end justifies the means."

The question arose in connection with the current dispute between labor unions and companies engaged in the manufacture of machinery for air-space projects. Four leading aerospace companies, especially Lockheed, have rejected the basic demand of the labor unions for a so-called union shop. Mr. Kennedy was asked for his reaction. His reply, as recorded by tape, was as follows:

"Well, in the first place, most major industrial companies or industries in the United States have accepted the union shop many years ago — the steel industry, the auto industry, the aluminum companies, other basic industries. The union shop is part of collective bargaining. Particularly under the terms suggested by Dr. Taylor, a two-thirds vote — people do not have to join the union unless — to get the job.

"After they've come to work, if it is the opinion of a large majority of the members, then they would join the union. This, as I say, has been acceptable for many years to many companies which are even larger than the ones that are involved."

THE PRESIDENT went on to say that he hoped the companies would accept the proposal "because, if there is a strike, the responsibility would be very clear, I think, to the American people for such an action."

Thus the President of the United States says, in effect, that a labor union may extort an advantage for itself — even though it violates human rights — and that rather than bear the cost of a strike or its inconvenience, the American people must surrender to expediency and forego the principle of human freedom.

Now, the union shop is, to be sure, a part of the process of collective bargaining. So are blackmail and coercion and the threat to destroy an employer's business if he doesn't accept the union's demands.

Recently the country has been hearing a lot about the third party — the public — and much has been said about the "public interest."

Does a form of compulsory unionization become right just because company after company has been forced in the past by coercive threats of strikes and financial loss to give in to union demands?

Hasn't the President argued often that freedom of belief and freedom of conscience are guaranteed under "the law of the land"?

The right of an individual to get a job and keep it without sacrificing his beliefs — by being forced to join any organization in whose purposes he does not believe — is inherent in the articles of the constitution.

THE ARGUMENT of the labor unions is that the majority of the employes in a plant is the boss and can tell each worker to join or be fired. The worker isn't required to be a member when he applies, but if he gets the job, he must decide within 30 or 60 days whether to join the union or lose his job.

The employer, under a contract with the union, becomes an unwilling partner in the conspiracy to deprive the worker of his right not to join a private organization. Nineteen states by law forbid compulsory unionizatin of any kind. These are called "right to work" laws.

Recognizing the injustice of compulsion, some unions have asked only for the "agency shop," which means that the non-union employe renders financial support by regular payments that help cover the cost of the bargaining done in his behalf — the equivalent of union dues. But the worker doesn't have to join the union.

Even this partial removal of the flaw in the compulsory union system was not espoused by President Kennedy when he talked last week to his news conference. For most of the labor leaders are against the "agency shop," too.

U.N. Session Will Be a Flop

By the time Congress adjourns early in October the United Nations General Assembly will be going like a house afire. There will be no shortage of smoke and flame after Washington drops out of the news.

The resemblance between these two great debating societies makes it possible to predict the U.N. session also will be a flop. It will not solve any of the nagging problems of the day.

It will be dominated by rabble-rousers, irreconcilables and people who either do not have their feet on the ground or who never met a payroll, which is almost as bad.

Foolish statements will be made. Lies will be spoken. Ruthless men will make a mockery of the spirit of the United Nations, especially if Nikita Khrushchev adds his boisterous nature to the confusion.

Looking at it, critics will comment that if this is the best the United Nations can do it isn't good enough and they want no part of it.

ITS FRIENDS, however, will comment that this is the best the United Nations can do and it is plenty good enough: at least it is better han nothing. Governments are still talking aren't they, they will ask, and isn't that better than fighting? OF course it is.

We expect too much of the United Nations. When it falls short, we consign it to limbo, where it will be a worthy companion for the institutional ghost of the League of Nations. The League of Nations reached limbo because no one believed in it. This could be the fate of the United Nations too.

So far, the United States has wanted to save it because it is a basic instrument of U.S. foreign policy. Without U.S. sponsorship the United Nations would have perished, to the dismay of dozens of small nations which otherwise would have no common footing with the major powers.

They would be as helpless in the society of nations as Rhode Island would be in the society of American states without representation that gives everybody a voice. It doesn't matter greatly that the voice may be used for something that would have been better left unsaid.

THE FORTHCOMING U.N. session will be a flop; that's a certainty. All the smartest people will say so.

The soon-to-be-ended second session of the 87th Congress was a flop to all intents and purposes, too, in the judgment of many of the smartest people.

Neither session settled anything. The world wasn't saved. Mankind wasn't lifted up and made to walk with its head erect.

Yet the effort in both cases seems to have been worth making, if only to prove that mankind isn't resigned to walking with eyes case to the ground, waiting helplessly for a spine-cracking blow on the back of the neck.

Talking Like a Dutch Uncle

President Kennedy said what he was expected to say Monday at Miami Beach when he told United Steel Workers of America he would ease unemployment and find opportunities for everybody. Also as was expected, he asked USW convention delegates to go home and elect congressmen who would help him; i.e., Democrats.

Putting to one side the thought that Democrats have passed up a chance to help him the last two years and what he needs now is Republicans to help the country, we wonder what would happen if a chief executive talked turkey to unionists.

Suppose he asked them if it wouldn't be better to work for less money than to be unemployed at twice what they could have been making if they hadn't tried to get more than the traffic would bear.

What would happen if a president of the United States asked unionists why they so frequently were spellbound by Marxists in a society that Karl Marx hated and his ideological heirs are trying to overthrow?

IMAGINE the scene in a union convention if the No. 1 public official in the United States taugh ta lesson in what makes jobs instead of launching into a spiel to make votes.

Would the heavens fall if President Kennedy, who has spoken out against the 35-hour week that so many labor leaders are plugging for, explained a shorter week would have no important effect on unemployment but a drastic effect on production costs because the net effect would be to add overtime penalties to wage scales already lopsided in relation to the scales of foreign competitors?

And would the heavens fall if the leading voice of the Kennedy administration told an audience of labor unionists that job survival was union business, not something politicians should be talkng about; that politicians could howl like banshees till Kingdom Come and not make a single job or a dollar's worth of wealth.

A PRESIDENT of the United States thinks nothing of talking to employers like a Dutch uncle. It would be refreshing to hear one tee off sometime on the labor side of industrial production. It might convince the boys that here was a fellow who knew what he was talking about.

Fire Prevention

Salem's Fire Chief Elmer Bush speaks with both authority and justification when he complains about people burning trash out on open ground. Strong winds recently whipped several of these "harmless" fires into roaring conflagrations when they spread out of control.

Such fires are particularly dangerous in the fall and spring when grass is dry, the current wet spell notwithstanding. Metal receptacles or containers for burning refuse out-of-doors are recommended by the chief. They are inexpensive when compared to possible fire losses.

Here again, is a very elementary step in fire prevention.

YWCA Open House

The latchstring is out at the Salem YWCA tonight.

There's a special invitation to Salem district women to attend the tea marking the opening of fall classes at the Young Women's Christian Association which, in the comparative few short years of its existence here, has become a focal point for wholesome activities for women in different age groups.

"Open house" atmosphere is evident at the YWCA all the time but there's a special request for you and your neighbor to be present for tonight's opening entertainment. If you've never been at the YW, this is your opportunity to inspect the community center and join in year-round programs.

Too Old to Travel

Age takes its inexorable toll from astronauts, too.

Coupled with the naming of nine new American astronauts came the word that John Glenn and the other six original spacemen could be too old to make America's first manned assault on the moon in six to eight years from now. Glenn is now 41, making him the oldest of all.

It's doubtful that the announcement will dampen the enthusiasm of the original astronauts. They're a dedicated bunch. They have to be to engage in a business so fraught with danger.

Still, it must have been with a twinge of disappointment that they heard someone else might make the historic journey to the moon. It's like spending years on the practice field, then being sidelined for the main event.

The nation has by no means lost the services of these "elder spacemen." Their earlier experiences in space will be invaluable as building blocks for future ventures.

You can be sure of one thing: no matter who is riding in that first lunar-bound spacecraft, the astronauts left behind will be rooting the loudest. Their only goal was to get America there first.

"Now Pitching for Cuba . . ."

Here's Story for Comrade Editors

By VICTOR RIESEL

Chairman Khrushchev published a "labor" newspaper called Trud. I have for its comrade editors a story which they should run on its front page. But they won't.

Victor Riesel

For this story reveals what free working people, where they can freely express themselves, think of the Socialist Soviet State.

Not so long ago, my good friend Neil Haggerty, leader of some three million unionized American building and construction workers, urged his people never to strike a space testing base, a missile site or a military defense center

"Our grievances on the job," said Haggerty, "are minor compared to our main grievance against the Communist leaders who are threatening us and all free men so boldly.

"Unfortunately, we can't get that problem settled by an impartial commission, as we can with our job problems.

"Remember, if the Kremlin prevails, we won't have to worry any more about anti-labor legislation.i

"The penalty for work stoppages will be death at dawn before a firing squad."

-:-

HAGGERTY is softer spoken than another Irishman, Mike Quill, shillelagh-carrying leader of the militant Transport Workers Union. But Mike, in his way, has quietly shown Chairman Khrushchev.

The Transport Workers Union has just signed a voluntary, permanent no-strike pledge with Pan-American World Airways' defense divisions. And to Mike and Jim Horst, head of the union's Air Transport Division, a no-strike pledge is second only to the development of a fatal blight on the shamrocks of the world.

There was never any doubt in the minds of Mike and Jim and their 13,000 followers in Pan-Am's employ that taking a no-strike pledge on Pan-American's aerial military service and vital defense operation was imperative.

Not only does this permanent pledge cover existing installations, but all those which will be built in the future.

It is not generally known, but Pan-American carries considerable Military Air Transport Service cargo. Pentagon personnel and their families across the globe.

Nor is it well known that Pan-American is essential to the outer space and missile defense networks. Pan-Am operates and maintains the Cape Canaveral Missile Test Center, Missile range, and Space Test Center.

PAN-AM, better known as the globe-circling passenger carrier, is responsible for the general police security of the installation, the handling and storing of solid and liquid propellants, the tracing of missiles, the operation of a small "navy" of tracking ships, the operation of down range island stations, firefighting equipment, commissaries, launching pad safety, weather ranges, pad engineering and supply.

In Arizona, Pan-Am runs the U.S. Army Signal Corps Electronic Environmental Test Facility and the Drone Test Range

The firm now is installing, and will manage, the U.S. Army Ordnance Missile Command's Target Missile System at Fort McGregor, Texas. There also is the Air Force Rocket Reserach Facility at Fort Churchill, Manitoba, Canada.

At most of these bases there are, or soon will be, Transport Workers Union men. But there are other unions. They too have no-strike pledges.

-:-

THESE INCLUDE the Air Line Dispatchers Association whose members make certain a plane has enough fuel for specific trips and is not overloaded, and that the craft won't be jeopardized by storms; The Air Line Pilots Association; the Teamsters, who have strength at Canaveral; the Flight Engineers; and the Brotherhood of Railway and Steamship Clerks.

Half of these no-strike parts covering defense operations were signed in April 1959 The Railway Clerks signed their no-walkout pact last July, the Teamsters on Sept. 5.

To break such a pledge, though they won't, these unions must give the company two years' notice in writing. That gives them plenty of time to cool off.

With the TWU signature the other day, Pan-American now has the promise of all its unions that there will not be a defense stoppage, regardless of what they do on the line's commercial end.

Why have these usually tough bargaining unions yielded their sacred right to strike? Why should Neil Haggerty have told his men, who build the bases on which the other union men work, that: "In spite of the irritations and the provocations and the red tape that cause tempers to flare up, I say to you as strongly as I can that there is absolutely no justification or valid excuse for a work stoppage at any missile base at any time."

Why? Because they know that communism is a hangman. Its first victim is freedom. Everybody's freedom We're all in it together.

History Today

Today is Thursday, Sept. 20, the 263rd day of 1962. There are 102 days left in the year.

Today's highlight in history:

On this day in 1198, Richard I of England defeated the French in the battle of Gisors. The English password of the day, "Dieu et Mon Droit" (God and My Right) became the royal motto of England.

In 1565, the Spaniards massacred the French Huguenots at Port Royal, Fla.

In 1797, the American frigate, Old Ironsides, was launched.

In 1881, Chester Arthur was sworn in as 21st president of the United States.

In 1932, India's Mohandas Gandhi began a death fast to end discrimination against the so-called "untouchables."

In 1951, Ford Frick was elected commissioner of organized baseball, succeeding Albert Chandler.

Today's birthdays:

Irish actress Patricia Collinge is 68. Author-director Elliott Nugent is 63.

Thought for today:

Never say more than is necessary—Richard Sheridan.

From the Files

10 YEARS AGO — Mrs. Kenneth Hoopes of Penn Ave. was hostess when members of the Coronet Club met Friday evening.

25 YEARS AGO — Kent University classes will be organized at Salem High School Sept. 23, it was announced today by Supt. of Schools E. S. Kerr.

35 YEARS AGO — Mrs. Nora Burson, Mrs. Ethel Stiffler, Mrs. Harriet Murphy and Mrs. Blanche Scullion of Salem were among those who attended a meeting of the central committee of the Woman's Benefit Association from the Alliance district Tuesday.

Matter of Fact

The day nursery originated in France. The creches, in French literally meaning "cribs," came into existence after the Napoleonic Wars when a large number of women entered industry. These nurseries were certainly not for the child's benefit. Their primary objective was to relieve working mothers. Unfortunately, they were grossly overcrowded and lacked trained supervision.

So They Say

It would be unwise to contemplate any kind of tax cut unless Congress and the administration first gave some evidence that something was going to be done to cut the rate of spending in the government.—G. Keith Funston, president of New York Stock Exchange.

Thoughts

For we know him who said, Vengeance is mine, I will repay. And again, The Lord will judge his people.—Hebrews 10:30.

Truly at the day of judgment we shall not be examined as to what we have read, but as to what we have done; not as to how well we have spoken, but as to how religiously we have lived. —Thomas A. Kempis.

We always thank God, the Father of our Lord Jesus Christ, when we pray for you.—Colossians 1:3.

Prayer is a sincere, sensible, affectionate pouring out of the soul to God, through Christ in the strength and assistance of the Spirit, for such things as God has promised.—John Bunyan.

Purely Personal

By Truman Twill

First-day-of-school incidents are gulpers, no doubt about it, but my all-time gulping was done the day I delivered a son to a college campus and drove away, leaving him alone in a place where he didn't know anyone.

I have nothing but contempt for bullies, yet there are some situations in which bone-busting promises more than reason and logic and there are times when I wish I had the inclination to bust a few bones myself.

Twice in recent weeks it has been brought to my attention that omitting a comma after the pronoun "who" has escaped the attention of readers, who thereafter wanted to bop me for saying what I never said at all. And who says punctuation isn't imporant?

The prime paradox of this country at this time is good jobs hunting for people who can do them while people are looking for so-so jobs that don't exist.

As of today I am using a seat belt in my back-and-forth-to-work automobile, but I promise not to lecture. Lecturing is what I save for times when I quit smoking cigarettes and think everybody else should do the same.

Could it be the airlines have broken the ice on a new idea by pledging to punish themselves if they fail to honor commitments made to clients? Wouldn't all kinds of business be more efficient if fines were collectible for nonperformance?

I cannot protest too strongly against efforts to make show-business people, including professional athletes, seem as common and folksy as the rest of us. It takes the glamor away from them. If they're as commonplace as we are, why should we pay attention to them?

Everybody's looking for better systems of government, which reminds me of an old time football coach who used to tell us after we'd taken our weekly licking, "It's not the plays, boys, it's how you execute them that counts."

Some of the cartoons about President Kennedy are nastier than anything that has been seen in this country since the time of Abraham Lincoln.

The space craft I am putting into orbit around Mars is doing nicely. Likewise the one I brought to a successful landing on the far side of the moon is being lived in happily by moonlings—little fellows about this long with horns growing out of their heels. You don't believe me? Yet you would believe it if somebody else said so.

ANSWERS YOUR PROBLEMS

Dear Ann Landers: This problem may seem trifling to others but it has caused me to consider mayhem.

Our neighborhood is lovely. The lawns are carefully manicured and the homes are beautiful. This area is indeed pleasing to the eye. But to the ear — Well, that's a different matter.

All afternoon one can hear mothers shrieking, "Bon-n-nnneeeeee!" Or "La-a-aarrrreyyy!" It reminds one of the Molly Goldberg days—"Mrs. Bl-ooo-ooom!"

At about 5 o'clock I want to stuff cotton in my ears. Strangely enough, most of these shrieking mothers are cultured young women who attended good Eastern schools.

Please don't advise me to talk to the mothers, I'm not the type. They all read your column, so if you will just print this letter it would be a public service—THE EAR IN MICHIGAN.

-:-

Dear Ear: I'll do more than just print your letter. I'll offer a solution — with multiple choices.

One needn't attend a "good Eastern school" to know that shrieking for children offends people of taste.

Mothers can let their youngsters know they are wanted at home by using cowbells, scout whistles, triangular gongs and a variety of other less offensive noisemakers.

A colleague of mine recently obtained a hunter's duckcall. He reports that his wife gets an occasional mallard, but the kids always come home.

Promising Coed

Dear Ann: Our daughter is 19 and too good-looking for her own good. Nancy flunked out of the university last year and came home in February. Her dad insisted she go to work and earn part of her tuition if she wanted to return to the university in the fall.

She has a fine job and makes excellent money, but every dollar goes on her back. I remind her periodically that if she wants to go back to school she'll have to come up with half the tuition. She says okay—and keeps buying.

This evening Nancy told us she'd love to return to school next quarter but she's flat broke. She promised to do her best if we paid her way.

I want my daughter to have a college education. My husband says it's up to me. What do you say?—E.L.P.

-:-

Dear E.L.P.: It's not enough that YOU want your daughter to have a college education. SHE must want one too—and apparently she'd rather have a flashy wardrobe.

Tell her she can demonstrate her sincerity by saving her money and paying part of her tuition or it's no deal. And don't collapse or you'll regret it.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Salem News, enclosing a stamped, self-addressed envelope.

Appropriate Occasion Coming Up

Presidential Order Awaited On Housing Discrimination

WASHINGTON AP)—The next big move in the civil rights field may be the long-promised presidential order outlawing discrimination in federally aided housing.

President Kennedy has delayed for 20 months, waiting for what he has called an appropriate time to sign it. A made-to-order occasion is coming right up.

It is Sept. 22, the 100th anniversary of Abraham Lincoln's Emancipation Proclamation. Yet Washington isn't making any bets Kennedy will find that anniversary appropriate.

Lincoln signed two Emancipation Proclamations—a preliminary one of Sept. 22, 1862, and the final freeing of the slaves on Jan. 1, 1863.

So next New Year's Day also would be symbolical.

But Jan. 1 is months away, and the pressure on Kennedy grows daily. Some advisers are sure that the appropriate time, politically speaking, is before the Nov. 6 conressional elections.

These same advisers want Congress out of town before the order comes. They fear it would affront Southern members whose support is needed on major administration bills.

In terms of economic impact, the appropriate time might be even further away. Builders say the order would seriously curtail new construction activity. Housing officials believe the builders exaggerate.

For Negro and civil rights groups, growing ever more vocal and powerful, the appropriate time is long-passed. They have criticized the President for not acting.

Back in 1960, when Kennedy was a candidate, it must have looked easy. Kennedy scolded President Dwight D. Eisenhower for not acting. It could be done, Kennedy said, by "a stroke of the presidential pen."

Making good on this campaign pledge has become one of Kennedy's most perplexing problems.

He decided the political difficulties were far outweighed by the issues of law, equity, and constitutionality. After all, Kennedy had irked Southern politicians when he promised the order. And the non-partisan Civil Rights Commission, created by Congress itself, has officially demanded it.

Still, the question remains: how far can Kennedy stretch his presidential power?

Few have questioned his authority to enforce integration in public housing, where the federal cash is a direct subsidy. Not many challenge his power to bar discrimination by banks and loan companies in dwellings which are financed with Federal Housing Authority mortgage insurance or Veterans Administration loan guarantees.

Less clear are situations in which the government merely funnels money, when needed, into the banking system and the savings and loan industry to pump up the supply of mortgage credit; or merely regulates the lenders; or just provides insurance for their deposits, which may in time become mortgage loans.

In these and other ways the government has some strings, however tenuous, on virtually every lender. Can it therefore dictate the terms of his loans? Most government lawyers say yes, in this case. They believe it would be impractical, if not illegal, to issue an order which binds some agencies in the housing credit field and not others.

Christian Church Units Have Program

Theme for study this season by the Women's Groups of the First Christian Church is "Concern that Makes a Difference," and "How the Church Serves the Community."

The program chairman of each group meeting recently brought out the belief that no one is without some special need, that people are not machines turned out on an assembly line to be rejected if there is any deviation of one from another, and one special characteristic of the Church is that it has room in its fellowship for all kinds of people.

The Lydia, Dorcas and Elizabeth Groups met in Fellowship hall in the afternoon with 57 attending. Mrs. Reed Calkins of the Lydia Group presided and Mrs. Kenneth Clay, assisted by Mrs. Nancy Tressler, presented a paper on how the church serves the community. Devotions were given by Mrs. Florence Beery.

A floral centerpiece of marigolds and ageratum arranged and presented to the organization by Fred Rogers decorated the altar.

Hostesses for the event were Mrs. Walter Hilliard, Mrs. Carroll Beck, Mrs. Russell Thomas, Mrs. Perry Huffman, Mrs. Richard Wilson and Mrs. E. F. Greene.

Mary Group

Members of the Mary Group met at the home of Mrs. John Patterson, with 17 in attendance. Mrs. John Stallsmith, leader, opened the meeting with "The Life of Mary." Mrs. Dean Phillips was program chairman, and Mrs. Patterson presented devotions on the theme, "Willing Service." Hostesses were Mrs. Stallsmith and Mrs. Sam Lockhart.

Ruth Group

Twenty-four members of the Ruth Group met in the home of Mrs. Keith Heineman, leader. Devotions relevant to the study theme were presented by Mrs. Edward Salm. The program was in charge of Mrs. Allen Wright, chairman, assisted by Mrs. Clifford Ayers, Mrs. Kenneth Herold and Mrs. Nelson Kyser.

Hostesses were Mrs. Richard Borton and Mrs. Henry Willard.

Sarah Group

The Sarah Group met in the home of Mrs. Ralph Phillis who opened the meeting by relating the story of "The Life of Sarah." Mrs. Joseph Herbert, program chairman, was assisted in her presentation of the theme by Mrs. Robert Ware, Mrs. Charles Cooper, Mrs. Don Schnorrenberg and Mrs. Augusta Ibele. Devotions were given by Mrs. Edith Purviance.

Mrs. Joseph Emelo and Mrs. Herbert served as hostesses.

Newlyweds to Be Honored Sept. 29

Mr. and Mrs. Mike Linder will be hosts at an open house from 7 to 10 p.m. Sept. 29 in their home on Newgarden Road honoring the recent marriage of their son, Ronald Linder, to Miss Elizabeth Hall, daughter of Allen J. Hall of RD, Lisbon.

The couple were married at 7 p.m. Sept. 6 by Rev. R. D. Freseman at the altar in the parlor of the Emmanuel Lutheran Church in the presence of the immediate families.

Hints From Heloise

By HELOISE CRUSE

Dear Heloise: To change the bed linen under a sick person—either inch him over to one side of the bed or roll him over. Make up one entire half of the bed with the clean linen, then simply pushing the dirty linen to the middle of the bed, roll the patient over to the clean side. Then pull the dirty linen off and finish making the other half of the bed with the clean linen.

Instead of buying custom made draperies for my large picture window . . I bought two pair of regular drapes and sewed them together.

For those who love to have a crocheted bedspread and cannot crochet, it is sometimes possible to find lace material by the yard which resembles crochet. Ecru, beige, or white — are the safest colors.

Lace curtains will also serve the purpose if care is used in lace inset matching the edges—either matched closely — or crocheted or stitched with care. This can turn out beautifully.

HELENE MARTINEZ

DEAR HELOISE: My request may sound sort of odd, but has anyone ever found a way to get the empty seed hulls out of the bird's feeding cup without dumping all of the good ones out too?

MRS. L. JENSEN

Anybody got the answer to this? If so, bless your sweet time. Pick up that broken ball point pen — don't forget to light a match to the end of it, if it isn't working properly today — and write to me.

HELOISE

DEAR HELOISE: When covering buttons, if the fabric being used is thin and the metal shows through, cut a circle (the size of the top of the button) of iron-on mend tape and press to the circle of material being used! This is much easier than using double thicknessess of the fabric.

When emptying a can of coffee into a canister, pour from the back side toward you and very little coffee will spill.

MRS. MAYNARD ELLIOTT

-:-

DEAR HELOISE: With shopping centers getting bigger and bigger, I find it harder and harder to find my automobile when I get ready to leave.

I finally solved the problem by placing my glove on the radio antennae and hoisting it as high into the air as possible. When I come out, all I have to do is to look for my glove in the air.

ANASTASIA McGINNIS

-:-

DEAR ANASTASIA: You're a dilly! Now you have even solved one of my problems. You're a doll.

DEAR HELOISE: My two young sons dearly love a long play period in the bathtub while taking their baths.

The problem of where to put their many toys, floating boats, etc. was solved when I loaded everything into a heavy plastic bag with holes in it, and hung this on the shower nozzle with one of those plastic clothespins with a hook.

This lets the bag drip dry or may remain until the next evening bathtime.

If your heavy plastic bag has no holes in the bottom. make some.

MRS. KRISTOF

Heloise welcomes all mail, especially household hints which she can pass on to readers as space permits. However, because of the tremendous volume of mail she receives daily, Heloise is unable to answer all individual letters. She will answer readers' questions in her column whenever possible.

Frank Kampfers At Beloit Are Honored

Mr. and Mrs. Vernon Kampfer of 1038 Parkway Blvd., Alliance, entertained relatives and friends Sunday in honor of the 40th wedding anniversary of Mr. Kampfer's parents, Mr. and Mrs. Frank Kampfer of Beloit.

Guests were present from Salem, Greenford, Snodes, Beloit and Alliance. The honorees received gifts and a buffet supper was served.

The family attended church together and had dinner at a local restaurant.

Deaths Funerals

Mrs. Jennie Snyder

Mrs. Jennie Snyder, 83, of RD 2, Salem, died at 12:28 a.m. today in the Central Clinic Hospital where she was admitted Sept. 5 for medical treatment.

John N. Muntz

John Norman Muntz, 80, of Lisbon Road, died suddenly at 3:45 p.m. Wednesday in Salem City Hospital following a two - weeks illness.

Born in Salem Township, Columbiana County, June 27, 1882, he was the son of John and Catherine Kuhl Muntz. He married Mae Kenmuir at Lisbon on May 3, 1911.

Surviving are his wife; a son, Olin K. Muntz; granddaughter, Lonna; and grandson, Larry, all of Salem. Two brothers preceded him in death.

He had lived in this vicinity all of his life. He worked for the Salem Tool Company, retiring in 1957. He was a member of Emmanuel Lutheran Church and a charter member of the Salem Historical Society.

Funeral services will be held at 2 p.m. Saturday at the Arbaugh-Pearce Funeral Home. Burial will be in Grandview Cemetery.

Friends may call at the funeral home Friday evening.

School Board At Columbiana Meets

COLUMBIANA — The Columbiana Board of Education accepted the resignation of William Houlette as bus driver at its Wednesday evening meeting.

Dayton Randolph was employed to drive the noon kindergarten bus. Sam Ferguson was also hired as a bus driver.

The board passed a resolution authorizing membership in the Ohio High School Athletic Association for the 1962-63 school year.

A bid by the DeLauter Coal Company of North Lima to furnish coal for the 1962-63 school year was accepted. Bid price was $5.75 per ton.

Four members and the clerk were present at the meeting.

With the Patients

Virginia Hernstrom, 7-year-old daughter of Mr. and Mrs. Jack Hernstrom of 1773 E. State St., was treated and released at 4:20 p.m. Tuesday at Central Clinic Hospital for lacerations of the lower right leg received when she was bitten by a dog belonging to Mrs. Ernest Monks of 1295 N. Ellsworth Ave., while visiting there.

Mental Clinic Drive Leaders Hold Session

Twenty - five city and rural chairmen met at the Wick Hotel in Lisbon Wednesday night with Probate Judge Louis Tobin of East Liverpool, general chairman, to discuss plans for the Columbiana County Mental Health Clinic fund drive.

Goals and dates for rural and city campaigns were set and will be announced next Thursday, according to publicity chairman Warren Bettis.

Traffic Safety Unit Has Officer Election

Jud English of East Liverpool was elected chairman of the Columbiana County Traffic and Safety Committee Wednesday evening in Lisbon Village Hall.

He succeeds Thomas Williams of Salem, who had been chairman since the group was formed.

James Nesbitt of East Palestine was elected vice chairman, Miss Phyllis Hadley of Lisbon, re-elected secretary, and Judge Luther Donbar of Columbiana, treasurer.

Mrs. Lynn Woods of Lisbon was named chairman of the youth committee of the group by English.

A general discussion was held on traffic safety. The group's next meeting will be Oct. 17 at the same location.

No New Clues Found In Safe-Cracking

No new leads have been discovered in the theft of approximately $1,000 in cash and tools from the Parker Chevrolet Co. sometime between 9:45 p.m. Tuesday and 7:30 a.m. Wednesday, police reported today.

The theft was discovered Wednesday when one of the employes arrived for work.

The burglars used a heavy crowbar to gain entrance to the garage and then forced open a safe and also took tools from the premises. Cash and checks totaled $157.95.

Rev. Wohrley Honored At E. Fairfield

EAST FAIRFIELD — Approximately 100 members of East Fairfield Methodist Church attended a coverdish dinner in the church social hall Wednesday evening, honoring their new minister, Rev. I. Melville Wohrley.

Sharing honors were the minister's wife and their two young sons, Melville Jr. and Wayne who recently came from Altamount, Kans., where Rev. Wohrley served at the Altamount Methodist Church.

Besides being minister at the East Fairfield church, he will also serve the Rogers Methodist Church. He replaces Rev. Mark George, who was called to a congregation in southern Ohio.

Knox School PTA Meeting Is Held

The Knox school Parent-Teachers Association met Wednesday evening under the direction of Charles Benner, president.

The group was led in the singing of the national anthem by Mrs. Virginia Faris. Rev. Edward Escolme of the Damascus Friends Church gave devotions.

Mrs. Norma Jean Irwin's third grade class won the attendance trophy. The annual turkey supper will be Oct. 27.

Cookies which were baked and donated by the teachers were served as refreshments by last year's officers. Silver candelabra with yellow candles decorated the table that was covered with a green cloth. Snapdragons made up the centerpiece.

The next meeting is Oct. 17.

"And most ominous of all, the suicidal arms race continues unabated," he said. "These situations raise serious dangers to the peace of the world."

Stevenson avoided direct attack on the Soviet Union. He appealed t oassembly members to "replace strident politics with quiet but determined diplomacy."

Stevenson spoke as some Western diplomats expressed concern over growing indications that the Soviet Union was preparing an all-out attack on the United States on Cuba, U2 flights, Berlin and a number of other issues. There also was evidence that the Russians are going to give Acting Secretary-General U Thant a hard time.

Foreign Minister Andrei A. Gromyko will make his policy statement Friday.

was referred to the finance committee.

Gibson also asked Council to bring in recommendations for a modification of the school zoning signs. Because Leetonia streets are narrow, it is felt by many residents that the metal policeman signs in the middle of the streets do not allow sufficient space for traffic going in two directions.

In other Council action, the resignation of Louis Guido as a member of the Leetonia Volunteer Fire Department was accepted, and Robert W. Cushing Jr. was approved as Guido's replacement.

Daniel Butch, village clerk, reported receiving $150 from the parking meters since the last Council meeting Sept. 5.

Present at the meeting were: Mayor Ralph Kennedy, presiding, Councilmen Dale McCormick, Dan Cullinan, Chester Whitacre, Elby Morris and Joe Weikart, Village Solicitor Edward Greenamyer, Street Commissioner Richard Klienknecht and Clerk Butch. Councilman Frank Citino was absent.

8,456 Enrolled At Youngstown U.

Youngstown University officials announce a total enrollment for the fall semester of 8,456, an increase of 794 over last fall's enrollment and the highest in the university's history.

Dr. Howard W. Jones, president of the university, said that with the freshmen enrollment approximating that of last fall, the increase is in returning former students and transfers from other universities.

The enrollment by schools follows with the highest in the School of Education, 2,879; College of Arts and Sciences, 2,144; School of Business Administration, 2,078; William Rayen School of Engineering, 1,191; Dana School of Music, 164.

84 At Sr. Citizens Initial Session

Eighty-four senior citizens attended the "drop-in" Wednesday in the gym of the Memorial Building, marking the beginning of a new season for the six-year-old club. The group spent the afternoon from 1 to 4 p.m. playing cards and then 25 persons went out to dinner in a group.

Craft classes began at 9:30 a.m. this morning. There will be 32 different handicrafts available to members throughout the season.

Anyone in the Salem area who is over 60 years of age is invited to attend these activities which will continue this season until June. Harold Babb, president, and Mrs. Raymond Stiver, supervisor of the program, can be contacted for further information.

The President would be granted two broad categories of authority:

1. To cut tariffs by 50 per cent.

2. To negotiate the elimination of duties on items on which the United States and the common market account for 80 per cent of the world trade.

It also would provide for government relief to industries and workers harmed by foreign competition.

The President would have authority to raise tariffs or impose quotas against a nation or grouping of nations which puts unreasonable restrictions on U.S. products.

National Aeronautics and Space Administration.

Sometime next year one of these men will be at the controls when the X20 makes its first test flight at Edwards, home of the X15 rocket plane.

For these flights, the X20, like the X15, will be carried aloft by a B52 bomber.

Unlike the X15, which has reached record speeds of more than 4,000 m.p.h. and a height of 314,750 feet, the X20 will set no records at Edwards. These flights will be tests of the X20's ability to maneuver in the atmosphere. Records will come later at Cape Canaveral, Fla., where the X20 will be blasted into orbit at speeds of 17,000 m.p.h.

After one or more orbits, the X20 is scheduled to land at Edwards, beginning its long descending glide somewhere over Hawaii.

The Air Force said the X20's Titan III booster rocket, under development, will have a thrust of more than 2½ million pounds. The X15 rocket engine, by comparison, generates 57,000 pounds of thrust.

Bids

(Continued from Page One)

Smith's bid left a balance of $1,450 and Shaffer's, $1,333.16, on the cars.

Shaffer's bids are void, however, because the firm failed to enclose a certified check with the bids. The check is to insure that the company will enter into contract if its bid is accepted.

Davidson Motor Sales of Salem was the low bidder on a new dump truck. The bid listed the cost of the truck as $2,436.40, but would allow $150 trade-in on a 1952 truck, leaving a balance of $2,286.40.

Gray Motor Sales and Shaffer Ford also entered bids on the truck. Gray's bid left a balance of $2,394.00 and Shaffer's, $2,725.17.

The city board of controls is expected to act on the bids within the next few days.

Can Be Built for Less Than $10

Rocket Is Designed With Safety In Mind

BUFFALO, N.Y. (AP)—Three college students and their professor say they have designed a backyard rocket that can be safely built and launched by high school rocketeers.

The small rocket soars out of sight with the flock of a battery switch. At 1,000 feet, its maximum height, the rocket turns over, dropping its nose cone and a paper napkin parachute that floats it back to earth for an easy recovery.

Scores of amateur rocketry enthusiasts using metal rockets are injured each year by flying bits of metal blown out in a mislaunch. This rocket is made of spun glass-coated paper and its nose cone is of soft rubber.

"We wanted to design a rocket that a high school student might build under supervision and which would be abolutely injury-proof," said Dr. Emerson Neuthardt, an industrial arts professor at the State University of New York College of Education here.

He said plans for this rocket—which can be built in six to eight hours for less than $10—will be made available to high school industrial arts deparments throughout the country.

Three of Dr. Neuthardt's students, Albert Scibetta, Dan Evans and John C. Stevens, designed and built the rocket his way:

1. Wrapping paper, coated with glue and spun glass, is rolled over a one-inch dowel to form the hollow rocket fuselage—about 18 inches long. The fuselage is then sprayed with a fluorescent orange paint for easy visibility.

2. Four stability fins made of balsa wood are attached to the bottom of the fuselage and a loose-fitting nose cone is fashioned out of rubber for the top. A tiny parachute made of paper napkin and string is attached to the inside of the hollow fuselage.

3. Manganese Dioxide, sugar and Potassium Nitrate (saltpetre) are mixed wet to avoid any danger of explosion and packed into the fuselage. When this gunpowder mixture dries, an electric fuse is stuck into the base of the rocket and wired to a six-volt battery.

4. When the battery switch is thrown, the fuse burns, igniting the gunpowder and melting the connecting wires. The rocket travels about 100 miles per hour—straight up.

Gumbo File Is Sophisticated Fare

Young cooks favor sophistication for their party foods. Seafood Gumbo File is agod choice. It is a meal-in-a-soup dish, chest nut brown mysteriously seasoned. This Creole dish reflects the subtleties of French cooking over laid with Spanish and Italian influence—developed in Louisiana.

A heavy-bottomed pan is a must. Flour and oil are stirred constantly over a high heat until the mixture becomes a rich, deep brown. It should never become "smoking" hot. Remember that the flavor of well-browned flour is in itself a tantalizing seasoning. When the gumbo is ready to serve, add the mystery touch—the file powder, creation of Louisiana's Indian tribes.

SEAFOOD GUMBO FILE
(Serves 4 to 5)

¼ cup cooking oil, ¼ cup flour, ½ cup chopped green onions and tops, ½ cup mined fresh parsley, 4 garlic cloves, chopped fine, 1 quart hot water, 2 bay leaves, ½ teaspoon crushed thyme, ⅛ teaspoon cayenne, 2 teaspoons salt, 1 lemon slice (about ⅛-inch thick) 2 tablespoons tomato sauce, 2 cans (4½-ounces each) shrimp, 1 can (6-ounces) crabmeat, 1 teaspoon file powder.

Combine shortening and flour in a heavy pan and cook over high heat until mixture becomes a rich dark brown, stirring constantly. Remove from heat and add onion, parsley, and garlic. Saute briefly, then gradually add water. Stir well.

Return to heat and add bay leaves, thyme, cayenne, salt, lemon and tomato sauce. Cover pan closely and simmer 30 minutes. Drain and rinse shrimp. Add shrimp and crabmeat, including crabmeat liquid. Cover and simmer 10 minutes. Remove from heat and stir in file powder. Serve at once over mounds of fluffy rice.

Please Guests With Veal and Peaches

Spiced Veal and Peaches is a perfect dish for a small dinner party. Easy on the hostess. Once the meat has been browned, it can simmer for about an hour while you greet your guests. Five minutes before serving, add the peach halves with cinnamon sticks and cloves. It's also an economical dish. Uses only two pounds of veal shoulder for six servings and can be prepared in a skillet for a family dinner. Use a chafing dish for company.

SPICED VEAL AND PEACHES
(Makes 6 servings)

2 pounds veal shoulder, cut into 1½-inch pieces, 3 tablespoons flour, ¼ teaspoon cinnamon, 1 teaspoon salt, ⅛ teaspoon pepper, 2 tablespoons vegetable oil, 1 tablespoon instant minced onion, 1 cup beef bouillon, 1 can (4-ounces) sliced mushrooms, 1 can (1-pound, 13-ounces) cling peach halves, 6 small pieces stick cinnamon, 6 whole cloves.

Lightly coat veal with mixture of flour, cinnamon, salt and pepper; brown in oil. Add onion, bouillon and liquid from mushrooms. Stir well, then cover and simmer until meat is tender, about an hour. Drain peaches and add to skillet with mushrooms. Place small cinnamon stick and a clove in each peach. Cover again and heat through, about 5 minutes. Serve with rice or whipped potatoes.

Action of Corn Belt Farmers Hikes Prices of Beef, Pork

By ROBERT SKINNER
Ohio Marketing Specialist

Higher prices on beef and pork continue to be features of the area food markets. Although partially triggered by actions of a rather new farm organization in the corn belt, the prices on much livestock had been trending upward. The action in the corn belt of withholding animals from the market for a time, emphasized this trend.

Wholesale beef prices before Labor Day for instance were about $7 per hundred weight (or seven cents a pound) higher than the same week in 1961. Hog prices, too, strengthened partially on the basis of a report that farmers did not raise as many pigs as they had anticipated.

What has happened then is several factors, all tending to push the meat price higher, have operated at about the same time. Many meat buyers in the wholesale channels tried to protect their supply of meat by actively bidding up prices. Consequently this week's prices on retail cuts of meat are higher.

As is usually true, retail prices on the more choice cuts, steaks and chops for instance, have increased more rapidly. With these prices 10-15 cents higher than before Labor Day, many consumers are looking for alternatives.

For pork shoulder roasts, which are commonly cut into pork steak, are excellent replacements for pork chops. Cured pork cuts such as ham, picnics and bacon increase in price at a slower rate than fresh pork. The price advance on ham for instance had been about seven cents per pound.

Meat packers of the Northern Ohio area expect this price increase to last two weeks to one month with prices again returning to about the same levels as in mid-August. These feelings are qualified in most cases by the duration and effectiveness of the action of withholding animals from the market.

These price trends will emphasize the price difference between pork, lamb, and beef as contrasted to poultry fryers and Beltsville turkeys. These have been in good supply and quite economical. If homemakers as a group shy away from higher red meat prices, these also will go up.

Another alternative in this week's market is frozen fish fillets. Perch, cod, haddock are among the more economical choices. Sole, snapper, halibut are also possible choices in most markets.

Vegetables Reasonable

In contrast to the meat market, late summer vegetables provide a variety of foods at most reasonable prices. Tomatoes, squash, carrots, lettuce, eggplant, cabbage and potatoes are fresh features in this area's markets. Eastern potatoes at about four cents per pound in the larger size packages, cabbage at 5 to 6c per pound and carrots at 12-15c provide the basis for many economical dishes this week.

Apple harvest has moved into high gear in local orchards. One feature is a great varietyof apples found in roadside markets and sales areas of the local orchards. McIntosh is an excellent apple for eating fresh at this time. Jonathan apples are also available, but the eating quality of this variety will be better in a few weeks.

Other fruit choices this week in seasonally good supply are grapes and cantaloupe. Many varieties of fresh grapes are priced in the 19c per pound range, with both Eastern and Western grapes featured.

Canned fruit also provides a contrast in price trends. Prices on three of the more popular fruits are considerably lower than last fall. These are canned pears, canned freestone peaches and fruit cocktail.

Quakers Travel To Ravenna Friday

Ravens' Coach Has Dim View On Tilt

By LYNN BROWNE

Coach Harry Gilcrist of the Ravenna Ravens is far from optimistic about the outcome of Friday's clash between his gridders and Coach Blaine Morton's Salem Quakers, who will be making their first road trip of the season.

The Ravens won their first tilt of the season, edging West Geauga 14-12, but Gilcrist isn't letting the victory mislead him.

According to the head mentor, his team lost more than just the graduating seniors from last year's squad that posted a 4 - 5 mark. Three of his boys who would have been first - stringers moved to other areas and two other regulars are no longer on the team because of disciplinary reasons.

-:-

"I HAVE BOYS playing on the starting team that really should just be on the reserve squad," he said.

"I can't complain though," he added. "The boys work hard, they're eager and they try. You can't ask any more than that. We're just woefully inexperienced."

Despite Coach Gilcrist's dim outlook, the Ravens must be considered Salem's toughest opponent to date.

-:-

THE QUAKERS' first two contests were played against teams that had tied only one contest between them in 46 games. Ashland invaded Salem sporting a 10-game losing streak while Youngstown North's last smell of victory was when they tied a game in 1960.

Coach Gilcrist will send seven seniors and four juniors into action against the locals.

Two seniors, Bill Drugan at 150-lbs. and Lee Moser at 160-lbs. will be starting at the ends while junior Chuck Faust, who tips the scales at 170 and senior Jim Meduri, who weighs 180, will play the tackle positions.

-:-

AT THE GUARDS will be seniors Dick Gilliland and Joe Sopco. Gilliland weighs 160-lbs. and Sopco 170-lbs. At the center slot wi be John Rude, an 160-lb. junior.

Two seniors and two juniors are listed in the Ravens starting backfield. Junior Blaine Baldsare at 150-lbs. will handle the signal calling chores while another junior, Willie Purnell (140-lbs.) will start at right halfback. John Stewart, also at 140-lbs. will play left half with 165-lb. Ed Kunar starting at fullback.

-:-

THE RAVENS operate out of a single-wing offense and can be expected to blend a passing game and a running attack in their effort to upset the Quakers' defensive unit. "We try a little bit of everything," Coach Gilcrist related.

The Ravens' offense has created somewhat of a headache for the locals, according to Coach Morton. The Quakers have been practicing defensive tactics against it this week and have been having trouble, Morton said.

Morton plans to start the same gridders he did against North with the possible exception of replacing fullback Bob Owens with junior George Begalla.

Kickoff time is slated for 8 p.m.

Littler Is Only Ohio Golfer Left In U.S. Amateur Event

PINEHURST, N.C. (AP) — Bob Littler Jr., the 19-year-old Ohio University student whose dad is the club professional at Athens, carried Ohio's hopes on his shoulders alone today in the U.S. Amateur Golf Tournament.

Littler, runnerup in the 1962 Ohio Amateur, came through his third and fourth round matches impressively Wednesday. That set up an Athens, Ohio, vs. Athens, Ga., duel this morning between Littler and Jim Gabrielsen, 20, captain of the University of Georgia links team.

Gabrielsen, Patton and McKey each ousted an Ohio entrant in Wednesday's third round as the eight Buckeye survivors of the first two rounds were trimmed to two. The other Ohioan, Walter Beckjord of Cincinnati, won in the third round, 5 and 4, over Randolph Snider of Houston, Tex., but lost in the fourth to Bill Newcomb, Royal Center, Ind., 1 up on the 21st hole.

Littler vanquished a tough cookie in Dr. Ed Updegraff, Tucson, Ariz., 4 and 3, and followed up with a 3 and 2 victory over Mark Stuart, Larchmont, N. Y. For the 31 holes he required, Littler was two under par.

The third round losers from Ohio bowed out thus:

Dan Carmichael, Columbus, 1 up to Bert Burdick, Baton Rouge, La.; Don Stickney, Columbus, 2 and 1 to Labron Harris Jr., Stillwater, Okla.; Don Albert, Columbus, 1 up to McKey; Jack Zimmerman, Dayton, 4 and 2 to Patton; Walter Stahl, Cleveland, 1 up to Gabrielsen, and John Tullio, South Euclid, 4 and 2 to Jim Colbert, Prairie Village, Kan.

COMMAND DECISION

Salem Blanks East Palestine 20-0 For 1st Win Of Season

Three players scored touchdowns as Salem's Freshman football team posted a 20-0 win over East Palestine, for its first victory of the season at East Palestine yesterday.

Coach Bing Newton's aggregation took advantage of two fumbles for a pair of its TD's.

The young Quakers are now 1-1 for the campaign, having suffered a 28-14 loss to the Beaver Local reserves in the season's opener.

Salem will travel to Alliance for a battle with State Street Junior High a week from today.

Dave Fleischer dashed 20 yards for Salem's first touchdown. The Quakers recovered a fumble at the 20 to set up the tally. Rick Alesi made the extra points on a run.

Alesi gave the Quakers a 14-0 half time lead as he climaxed a 50-yard drive by plunging four yards for Salem's second touchdown. A pass for the extra points failed.

The Quakers' final touchdown was set up when the visitors recovered a fumble on the Bulldogs' 30-yard line.

Ronnie Hoffman dashed 15 yards for the final touchdown.

13 Horses Entered In Brown Jug Race

DELAWARE, Ohio (AP) — Thirteen 3-year-old packers, making up the Little Brown Jug's fastest field ever, were poised for today's 17th running of the colorful harness horse race with a $75,038 purse.

Dry, crisp weather with temperatures in the 60s was forecast as the vanguard of an expected crowd of 35,000 arrived to watch the speedy sidewheelers go after the third jewel in pacing's triple crown.

Post time for the first mile heat of the three or four that determine the outcome at the Delaware County Fairgrounds track was 1 p.m. (EST).

Although the field included Ranger Knight, winner of one leg of the triple crown by taking the Cane Futurity, and Thor Hanover, who got the other in the Messenger Stakes, Coffee Break held on as at least co-favorite. Although bothered by bowed tendons, he has paced the fastest mile of any harness horse this year, a 1:57 at Springfield, Ill.

But Thor Hanover (best clocking 1:58) Meadow Battles (1:58 1-5), Lehigh Hanover (2:00 4-5), Haughton Hanover (2:00 4-5) and Play Bill (2:03 2-5) figured to make the first heat, which included Coffee Break, a torrid race.

Ranger Knight (1:59 1-5 in the Cane) ruled as choice in the second heat. But there was strong support for Mighty Tar Heel (1:57 4-5), Meadow Newport (1:59 1-5), Gamecock (1:59 3-5), Quick Pick (1:59 4-5), Buxton Hanover (2:00) and Smart Money (2:00 3-5).

The Jug record is a 1:58 3-5 heat by Muncy Hanover in 1960.

The best drivers in the nation were here. Del Miller, all-time leading money winner in Jug driving, had Meadow Battles. Johnny Simpson, whose three Jug victories is the record, had both Thor Hanover in the first head and Gamecock in the second. Stanley Dancer, who reined Henry T. Adios to the 1961 Jug laurels, had Lehigh Hanover.

The other sulky - sitters were Frank Ervin (Play Bill), Joe O'Brien (Haughton Hanover), hometown product Curly Smart (Smart Money), Dick Buxton (Quick Pick), Buck Minniear (Ranger Knight), Billy Haughton (Buxton Hanover), Del Cameron (Meadow Newport), Dick Williams (Mighty Tar Heel) and George Sholty (Coffee Break).

Miller, Simpson, Smart, Cameron, O'Brien, Ervin, Haughton and Dancer stood 1-2-3-4-5-6-7-9 in all-time Little Brown Jug money-winning going into today.

Sholty, on the hot spot as favorite, oddly enough was making his debut in the classic. But he was regarded highly and has driven Coffee Break, owned by an Archbold, Ohio, partnership, to several big triumphs.

The first two heats, each worth 30 per cent of the purse, would qualify nine horses for the third heat while eliminating two of the six in the first romp and two of the seven in the second. The nine were scheduled to go the third heat for another 30 per cent of the payoff.

If a horse other than one of the earlier winners came in ahead, a fourth heat run-off among the three winners would decide the champion, who adds the remaining 10 per cent of the purse to his earnings.

Five Teams Remain In Softball Event

Only five teams remain in the annual Salem Invitational Softball Tournament, with three games scheduled for the quarter - finals Saturday. The semi-finals and finals are slated Sunday at Kelley Field.

Cleveland Republic Steel and Youngstown Local 1331 ,both undefeated in tourney competition, meet Saturday at 6 p.m. The winner of the contest will face state champion Angie's Pizza of Akron at 7 p.m., and the loser battles Youngstown Palkovic Insurance at 8 p.m.

The top four teams will receive trophies at the conclusion of the tourney.

Bobby Payne and Bill Thomas of Cleveland, Charlie Biddle of Palkovic, and Al Pena and Chip Goss of Lorain Old Dutch have all posted no-hitters and should see action over the weekend.

Sunday's semi - finals will be played at 2 p.m. and 3:30 p.m., and the finals are scheduled for 7 p.m.

Richardson's 200th Hit Paces Yanks To 8-5 Victory

Minnesota Rips Detroit, 12-5

Los Angeles Posts Win Over Baltimore

By MIKE RATHET
Associated Press Sports Writer

Bobby Richardson, first American Leaguer to reach the 200-hit mark since 1955, has fired a four-hit salvo in his bid to become the second hit-'em-where-they-ain't swinger in 10 years to grab the most valuable player award.

Playing a key role in New York's drive for its 12th pennant in 14 years, Richardson went 4 for-5 in an 8-5 victory over Washington Wednesday night that moved the Yankees a giant step closer to their 27th championship.

The Yankee second baseman brought his hit total to 201, raised his batting average to .305, scored his 95th run and drove in his 57th tally while helping the American League leaders reduce their magic pennant - clinching number to five.

Any combination of five Yankee victories and-or Minnesota defeats will clinch it for New York. The Twins remained in contention as Harmon Killebrew tagged two homers and Vic Power hit a grand slam homer in a12-5 walloping of Detroit.

Home runs by Leo Burke, Jim Fregosi and George Thomas gave the third-place Los Angeles Angels a 9-4 triumph over Baltimore that snapped a six-game losing streak. The Angels are 7½ games behind with nine to play. The Yanks and Twins have eight games remaining.

Walt Bond and John Romano drove in all the runs while Dick Donovan became the second AL hurler to win 20 as Cleveland out slugged Kansas City 10-9. Mike Hershberger's leadoff homer in the 10th gave the Chicago White Sox a 3-2 decision over Boston.

Pittsburgh shut out third-place Cincinnati 1-0 and Philadelphia nipped the Chicago Cubs 4-3 in the first game of a doubleheader called due to rain in the sixth inning. The second game was postponed as was the Houston-New York twinbill.

Killebrew continued his campaign for the home run and runs batted in crowns by bringing his homer total to 42 and raising his RBI mark to 123, both tops in the AL.

Burke, Fregosi and Thomas accounted for six of the Angels runs while home runs by Jim Gentile and Charley Lau took care of three Oriole tallies.

Bond drove in six runs with two homers and a double for the Indians while Romano knocked in four with the same production in support of the 34-year-old Donovan (20-9).

Hershberger, hitting his fourth homer, made it his third game winning circuit shot when he tagged Red Sox reliever Dick Radatz (9-6) leading off the 10th.

Junior, Bantam Loop Bowlers To Meet

A meeting for all persons interested in participating in the Saxon Bowling Lanes' Bantam and Junior Leagues will meet at the lanes Saturday, according to Joe Vogelhuber, manager.

The Bantam league is for anyone 12-years-old or under and will meet at 9 p.m. while the Junior league is for persons age 13 to 19 and will meet at 10 a.m.

This is the fourth year the leagues are being sponsored. Mrs. Kate Pauline will supervise the Bantam League while Mrs. Doris Boughton will be in charge of the Junior League.

Any merchant interested in sponsoring a team is urged to contact the Bowling Lanes.

Los Angeles Wins Wills Steals 94th

With Don Drysdale applying the stop and Maury Wills the go, the Los Angeles Dodgers are back on the track in their stretch drive for the National League's winner circle.

Drysdale put the stopper on the Dodgers' three-game losing string Wednesday with a five-hit pitching gem as the front-runners knocked off Milwaukee's streaking Braves 40.

Wills triggered the attack by opening the game with a single, stealing second, moving to third on a bunt hit and scoring the only run Drysdale needed on a double play grounder.

The Dodger whippet has 94 steals, with one game left to match or better Ty Cobb's 154-game record of 96. His chance to better the 47-year-old mark will come Friday night at St. Louis against the Cardinals.

The Dodgers maintained their 3½ game lead over the San Francisco Giants, who powered their way out a six-game losing slump on homers by Willie Mays and Tom Haller and beat the Cards, 7-4. The loss was the eighth in a row for St. Louis.

Bob Friend pitched a six-hitter and Donn Clendenon homered as Pittsburgh trimmed Cincinnati by 1-0, dropping the third-place Reds 5½ games off the pace. Philadelphia downed Chicago 4-3 in a doubleheader opener shortened to six innings by rain. The second Phillies-Cub game was postponed, as was the twi-night doubleheader scheduled at New York between the Mets and Houston.

Mays whacked his 45th homer, high in the majors, and Haller connected for two as the Giants hopped on Larry Jackson and the tailspinning Cards for all seven of their runs in the first three innings.

Haller homered in the second, making it 4-2. Then the Giants routed Jackson with a five-run explosion in the third, when Mays homered with two on and Haller with one boaard.

Bob Friend of the Pirates became an 18-game winner with his six-hit shutout of Cincinnati. Clendenon settled matters in the seventh with his homer.

By winning their abbreviated match with the Cubs, the Phillies made it five straight victories, 14 in their last 17 games and moved up to the .500 mark for the first time since May.

Donovan Is First Indians 20 Game Winner Since 1956

KANSAS CITY (AP)—It took the Cleveland Indians six years to get another 20-game winner, but now they have one in Dick Donovan.

And outfielder Walter Bond, perrennially tagged by the Tribe as a "comer," and John Romano helped Donovan reach the coveted 20 mark with an impressive display of slugging.

Bond and Romano each clubbed two homers and a double and drove in all the Tribe runs Wednesday night as Cleveland eked out a 10-9 victory over Kansas City. The roundtrippers broke the Indians' club mark of 167 homers in a season, set in 1959. Bond drove in six runs and Romano four.

Donovan got the victory but was ineffective and left in the sixth inning. He allowed 12 hits.

No Cleveland pitcher had won 20 games since Herb Score, Early Wynn and Bob Lemon turned the trick in 1956. The triumph came despite a furious, four-run rally by the Athletics in the last of the ninth.

Bond socked a two-run homer in the first to break the club mark and belted another in the seventh. Romano followed each homer with one of his own and now has 22, breaking the club record for a catcher he set last year.

Tough new '63 Chevrolet Trucks are here!

...THE ONES THAT WHIPPED THE BAJA RUN...TOUGHEST UNDER THE SUN... TO SHOW THE WORTH OF NEW ENGINES, FRAMES AND SUSPENSIONS!

Millions of years ago nature fashioned a proving ground for trucks that man can never duplicate. Today it is known as the Baja (bah' hah) California Peninsula, Mexico.

If you think you build a tough truck, this is the place to find out. *This road bears no resemblance to highways on the Mexican mainland.*

It's fine for 140 miles below the U.S. border. Then the beating begins. Rocks and hard-baked ruts bang, punch, jab and jerk the trucks from stem to stern. Loose sand makes them struggle and strain. Dust chokes them. Heat roasts them. Rivers drench them.

The Baja Run took this Chevrolet truck caravan 17 days to go the 1,066 miles. It was made up of a Carryall, a ½-ton pickup with new 230-cu.-in. 6-cylinder engine, a ¾-ton pickup with new 292-cu.-in.* 6-cylinder engine, a medium-duty unit with refrigerated van, a medium-duty diesel tanker, and a heavy-duty tandem.

All the trucks performed magnificently. Not one was forced to drop out because of mechanical difficulty.

Trucks that can take this kind of beating can take on your toughest truck jobs. See the tough quality-built '63 Chevrolet trucks with all their new improvements. *Optional at extra cost.

CHEVROLET
QUALITY TRUCKS COST LESS

Sometimes the caravan crept along for hours in low gear. It took 17 days to go 1,066 miles! This is the road south of Loreto.

When you came to a river, you got wet. This Baja river bottom was covered with rocks the size of melons. It was a rough crossing.

Tight squeeze for the conventional medium- and heavy-duty units in this narrow gorge. Their new narrower front ends certainly paid off here (7 inches slimmer).

◀ *The new ladder-type frames on all models took severe punishment from terrain such as this (as did all components, of course).*

Temperatures as high as 122 degrees F. burned the land around Dry Lake—one more ordeal the trucks had to shrug off.

See the "New Reliables" now at your Chevrolet dealer's!

The hostess for the next meeting will be Mrs. C. E. Mitchell of W. Lincoln Way.

Mrs. Dewey Brooks of Pleasant Heights received members of the Churchill Cackle Club Monday evening. Mrs. Bruce Sullivan and Mrs. Joe Chidester were awarded the prizes for 500, and Mrs. William Burton won the special prize.

The club will meet Oct. 15 at the home of Mrs. Chidester of Churchill Road.

Cancer Society To Move Offices

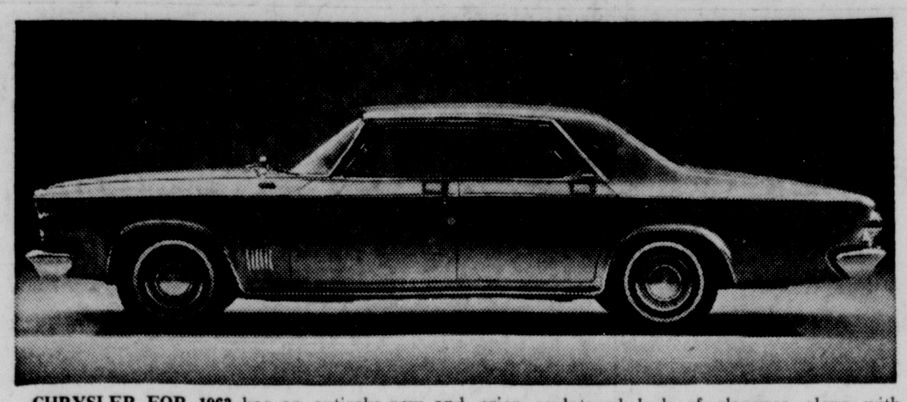

LISBON—Headquarters for the Columbiana County Chapter of the American Cancer Society will be located at 44 W. Park Ave. about Oct. 1, Mrs. Jayne Calhoun, executive secretary, announces.

The headquarters will be in the former Pezanno Shoe Repair Shop in the Rauch Building. Adjoining rooms which housed a taxi office will be used as a storeroom, Mrs. Calhoun said.

County quarters were in the Courthouse until they were moved to East Liverpool about 10 years ago. When Mrs. Jane Jolly of East Liverpool resigned as executive secretary to return to full-time nursing, the board decided to relocate in Lisbon.

Mrs. Calhoun was elected to succeed Mrs. Jolly Aug. 15.

CHRYSLER FOR 1963 has an entirely new and crisp sculptured look of elegance along with new body structure, new brakes, new engine options, new economy features, new interiors and new, improved passenger roominess, safety and comfort.

There is a choice of four engines ranging up to 390 horsepower. Protection against corrosion has been increased and a transmission parking sprag is introduced.

Shown here is the New Yorker four-door hardtop, the prestige car of the medium priced line. The New Yorker series also has a four-door sedan, and 6- and 9-passenger station wagons. In addition, Chrysler in 1963 will offer the popular sports car 300 series, and the Newport, full-sized economy car. A Chrysler 300J will be introduced later this fall.

The Doctor Says

By Dr. H. T. HYMAN

Preventing Ringworm Recurrence

I have previously described some of the characteristics of ringworm and of griseofulvin, the prescription drug that acts as a fungus - killer when swallowed. Here's how to prevent persistent or recurring infections such as troubled many correspondents who wrote to complain of what they considered treatment failures.

In the case of persistent infections, poor results may have been due to failure to obtain and maintain sufficiently high blood levels of the drug for a sufficient time. Without increasing the dose of griseofulvin, blood levels may be almost doubled by taking the entire daily dose in the morning before a high-fat breakfast consisting of bacon and eggs, bread and butter and coffee with cream. Where there is involvement of finger or toenails, these high concentrations may have to be sustained for several weeks. By contrast, if there is not nail involvement, the infection may be cleared in a few days.

-:-

RE-INFECTIONS may be due to failure to recognize the fact that the fungicidal effects of the drug do not persist for more than a few days after it has been stopped. Hence with your doctor's permission, you may be wise to continue the daily dose for a few days each week or so.

Now, even if you take the fungicide in sufficient doses to achieve an effective blood concentration, and even if you continue taking the drug for a sufficient length of time to effect a "cure" of infection that involves nails or nail beds, you may invite failure unless you carry out the following local measures that discourage fungus growth:

Bathe areas where ringworm exists or previously existed, morning and night. Pay particular attention to contact areas where dead skin and sweat are apt to accumulate. By removing dead skin, you deprive fungi of the principal article of their diet.

Thoroughly dry all body areas. After drying, dust a non-scented, non-medicated powder in the key areas. But be sure to remove excess, since caked powder may cause skin irritation with peeling and an accumulation of moisture. The ringworm fungus cannot survive or multiply unless it has free access to moisture.

Under special circumstances insert wisps of lamb's wool to maintain dryness.

To permit free evaporation of sweat, wear socks or stockings of cotton or a broad mesh nylon and shoes with open tips.

Cerebral Palsy Drive Chairmen Named

Area chairmen for the annual fund drive of the Columbiana County affiliate of the United Cerebral Palsy Assn. were named at a meeting Tuesday night at East Liverpool.

Frank Fluno Jr. of East Liverpool, chairman, announced the volunteer workers to head a house-to-house drive Sept. 25.

They include Rex Reich, Salem; Mrs. Eilene Bush and Mrs. Fred Perkins, Damascus; George Serago and Mrs. Jane Calhoun, Lisbon; Mrs. James Magill, Columbiana; Robert Cole and Mrs. Charles Mundy, Salineville, and Mrs. William Whalen and Mrs. William Spaite Jr., East Palestine.

Richard Brian of East Liverpool, president, will serve as county coordinator. He said the "fifty-three minute march" will be conducted at 6 p.m.

The group voted to sign the national revised affiliation charter. About 17 attended the meeting.

The next meeting will be Nov. 20 at Salem.

OUR BOARDING HOUSE

A word from THERON at the Country Store

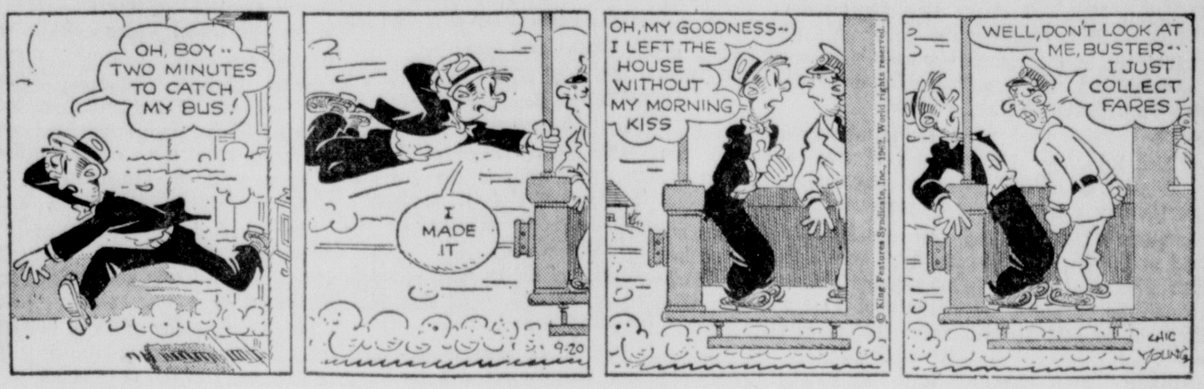

(Too Much Government)

I read with interest about Globe trucking and their resistance to being directed to drive to Canfield to be weighed. One night several years ago I saw a patrol car with his spotlight shining up in the air drive off the road and signaled a portable scale outfit which was hid behind the bushes at the corner of 1 and 224. They weighed the truck then led him to Canfield. It looked like a sneaky deal to me.

With this ridiculous axle mile tax they should be able to build roads to stand a few pounds overweight which many times is not intended.
